

DTE Energy Multifamily Program Direct Install Commitment Form

Thank you for participating in the DTE Energy Multifamily Program!

DTE Energy is committed to helping you invest in energy saving improvements that will impact your property and bottom line. The Multifamily Program is designed to deliver energy efficient technologies to DTE Energy's multifamily customers throughout Michigan. Included in this program is a Direct Install (DI) option to install **no-cost** energy efficient measures into tenant-occupied units.

Eligibility for this Direct Install option is as follows:

Detroit Edison Customers

- ✓ Compact Fluorescent Light (CFL) bulbs
- ✓ Low Flow showerheads*
- ✓ Low flow faucet aerators*
- ✓ Water heater pipe insulation*

*in units with electric water heat only

**in units with electric heat only

MichCon Customers

- ✓ Low Flow showerheads*
- ✓ Low flow faucet aerators*
- ✓ Water heater pipe insulation*

*in units with gas water heat only

**in units with gas heat only

Here's how it works:

Your property is eligible for our Direct Install services. Fill out and sign the section below and fax/email the completed form in to a program representative. Three to five days prior to the installation date, you will receive a reminder call confirming the installation dates and times. Upon request, DTE Energy will provide a copy of a Notice of Entry that describes the services that will be provided.

On the agreed installation dates of _____ DTE Energy's contracted installers will install the energy-saving devices in **all** units. To help ensure this service proceeds smoothly, DTE Energy requires that onsite or maintenance staff accompany the installers throughout the installation and provide them with entry into each apartment unit. If no staff member can accompany the installers, access to your key system will be requested to gain entry into **all** units. Installers will leave post installation information with each tenant that details CFL recycling, benefits of the free measures they have received and program contact information. Incandescent light bulbs will be left behind in the tenant units as we are not authorized to remove them.

Please fill out the section below as a commitment to receive Direct Installation services.

Site Name		Property Type <input type="checkbox"/> Market Rate <input type="checkbox"/> Low Income*	
Sit Address	City	State	Zip Code
Site Rep Name		Site Rep Telephone #	
Site Rep Email Address	Site Rep Signature		Date

*Low Income properties may be eligible for higher program incentives. In order to qualify as Low Income, properties must meet Low Income specifications as defined by the DTE Energy Multifamily Program. Low Income status must be given prior to any program related work, including Direct Install services. If Low Income status is not presented prior to program related work, property will only qualify for Market Rate incentives. Please contact a program representative for more details.

Thank you again for your participation. If you have any questions, or would like to request these services at other properties you own or manage, please feel free to contact me at the number listed below.

Sincerely,

Melissa Spice
